The Premises:

Near Fitzroy Square and very safe; the downstairs flat is a little grotty from the outside but her apartment was clean and homely.

The Lady:

I know it's a cliché, but she is much prettier than her photos. Incredibly petite, so you can pretty much manoeuvre her into any position.

The Story:

I've used this agency before and they are prompt and helpful.

Jenny made me wait a bit before answering the door, but once inside she was very attentive and up for everything. Quick shower to start with and then straight onto some very deep OWO, 69 and straight sex in cowgirl and then missionary (she is very tight downstairs, so you guys out there packing tree trunks might have difficulty). We seemed to click well so this was great, but the anal session following was out of this world; first on her back with legs up, slipping a finger in her pussy while she played with her clit looking at me, and then a prolonged doggy session, really pounding her for 10-15 mins. Wanted to go facial, but the feeling was too good and so came into the rubber. Usually I try for two rounds, but so good was the initial session that before I knew it 45 mins had already passed.

Jenny is great in the sack but has a good sense of humour too (and funky/strange dance moves too), and I really enjoyed chatting to her about her experiences in London and Thailand (although I will decline her idea that I should try hooking up with a ladyboy 'to try'); I even liked her taste in background music. Highly recommended.
