The Premises:

I fancied an outdoor meeting, so we headed off to a quiet field as the sun was nice and hot even at 7-30pm. Thats a first in the country!

The Lady:

Tracey is around 5ft 4 tall, and at a guess, a size 14 (ish). She's 34 years old.

The Story:

This was my first outdoor meeting and Tracey was well up for it. She is a lovely girl with a lovely attitude, and tried everything I wanted with no complaints. You'll have to use your imagination as to what we got up to, I never share this with anyone....sorry. I'm hoping to meet her again very soon, but will probably be indoors next time due to the weather.
