The Lady:

Classily dressed in long dress, nude stockings, high heels. Very sexy and quite like her photos. Great figure. She has 2 small and tasteful tatoos that are not on her photos. Actually she is more slim in the flesh than in the pitures,

The Story:

I liked the easy going nature of Chloe and her abilty to go from chatting to making out in a seamless way one would with a girlfriend. We went from mild kissing (no DFK)on to OWO and her pleasuring herself (an amazing sight!), to hot sex in multiple positions. She is a stunner alright! Sorry for the late review, only just realised that I forgot to put it up.
