The Premises:

Described many times before. A converted industrial building alongside the railway station. Clean, but the rooms are small, cramped and claustrophobic. Street parking outside.

The Lady:

Mixed race girl. Says she is 21 but looks like a teenager. Very pretty with a petite curvy figure, small firm tits and a great arse. A beautiful little package.

The Story:

I visited Roxy on the strength of earlier glowing reports but, if anything, they under-state how good she is. I would estimate I have been with upwards of 200 WGs down the years so I speak from experience when I say that this girl is something special. Physically she is stunning but what is so special is what she does, not just how she looks. Roxy is fresh and bubbly, quick to smile and very friendly. GFE French kissing comes as standard from the first moment of the encounter and continues throughout, accompanied by the sexiest dialogue on what she would like to do to and with the client whispered between snogs. I usually give a blow-by-blow account of the action but in this case I am not going to because you would not believe me. I implore you to go see while she is still around. Roxy comes with my very highest recommendation. She is worth far better than this back street brothel and should be working as an escort.
