The Premises:

The flat was fine, I had no trouble finding it. Parking in the area can be a pain in the arse (I hate to pay for parking by phone).

The Lady:

Carol is a dark-skinned Brazilian with a good curvy figure. She's on several agency websites. Not as polished as the pics but no big surprises either. She has a surgical scar across her stomach (not visible in the photo's. A bodylift?) but nice heavy jugs and a good arse.

The Story:

I arrived 5 minutes late after problems parking and was kept waiting outside the flat for a further 5 minutes! Not good, however Carol wore a fishnet dress which I found sexy and I anticipated a good time ahead.

We had a cuddle and she got on all fours on the bed which I took as an invite to eat her pussy, when I got near her she pulled away. I moved in for a kiss and got 1 peck before she turned away. Her tits were sensitive when sucked and so was her quim.

I waved my cock at her. She reached for the rubbers and took forever to open the box (shouldn't this have been done earlier?), I asked for OWO and got a few licks on my bell end. Using my hand I got myself hard again by which time she'd prepared a condom. She chose mish position (this must be what they mean when they call her 'adventurous'), the sex was awful. No sooner had we begun than she was gasping and grimacing with sensitivity which was off-putting. I kept going until I'd shot my muck, very much in spite of her not because of her. To Carol's chagrin it took a while. She never took the dress off.

Conversation was non-existent, I was bored and had another shower before leaving 20 mins early. I noticed a tube of thrush cream in the bathroom, why display this so openly? A waste of money, don't waste your time with this woman.

This is not meant as a criticism of the agency, I've used them before and would again, however they

have a review on the site claiming she was 'amazing'. I'd add '...ly bad' to that to sum up my experience.
