### The Premises:

Comfortable apartment in South Kensington. It's in a huge block so allow yourself time to get there!

### The Lady:

Certainly attractive, definitely a body for sin. Wicked glint in her eye. Picutes on website are accurate

### The Story:

There doesn't seem to be a generally agreed definition of PSE but it must have something to do with fulfilling fantasies and this is something Briony does in spades.

I am not a prolific punter but I may become a regular one now. Reviews that say "I won't go into details" generally piss me off but I'm going to do it myself in this case, partly because there was just so much going on. Briony has enough previous reviews to make it clear what is on offer, especially if you make a bit of extra effort.

Oh ok, a few details. I was happy to let Briony take the lead and it worked wonders for me. Deep throat like I've only dreamed about before, full body massage and the most fabulous massage in between sessions were the highlights but there was much more. Rimming, the loveliest oily tit wank, fingering both holes - you name it. And that's not to mention the blindfold, the handcuffs, the bathing and much more. Actually I could go on for some time and the temptation to do so is tremendous but just trust me - try Briony and you won't regret it. I certainly will as an hour was not enough. I didn't manage to come twice but that was down to me/my age not her and the effort she puts in is quite amazing.

Floated home exhausted/exhilarated. Briony is a real tonic.

Will I return? Unless subjected to some Clockwork Orange style aversion therapy, but Briony would probably have a fix for that too.

Ok her English isn't perfect and there's a bit of an act going on, but thats part of the PSE/fantasy - just enjoy it.
