The Premises:

We met at a discreet hotel of my choice just off Junction 27 of the M6. The room was a standard double room with ensuite facility and was both comfortable and clean fortunately located in a quiet part of the hotel which was more luck than judgement and at no point did I feel we would be disturbed during her visit.

The Lady:

Sarita is an attractive blonde in her late forties with a voluptuous figure and is perfect for the boob lover at 38hh. Part of Saritas attraction for me is she is the type of mature woman you see everyday when out and about in town or down the supermarket shopping who you steal a lingering or backwards admiring, lustful glance at.

The Story:

I first contacted Sarita via email briefly outlining my fantasy of wanting to give her a cum facial after some OWO figuring if she thought this was disgusting or beyond her limits then it would save me getting my ear chewed off and the phone slammed down on me. Thankfully she replied that my fantasy was not a problem as far as she was concerned and gave me some available dates and left it up to me if I decided to contact her further or not.

I'll admit that the idea of seeing a big boobed woman in her late forties like Sarita wearing my cum was not a new one to me and turns me on greatly. So I was pleased she didn't find it unusual and it wasn't long before I was telephoning her to confirm a date. After a brief conversation with her on the telephone we had arranged a meeting place and time. Saritas telephone manner is very relaxed and easy going and at no point do you feel like what you are doing is out of the ordinary. After ending the call I poured myself a drink and couldn't wait to meet her in the flesh (pardon the pun). About an hour and a half before we was due to meet I received a discreet text from Sarita to confirm that I still wanted to meet her this is understandable as it was the first time she had met me and didn't know if I was a timewaster or not this personally for me wasn't a problem. But if you need discretion I'd advise putting your mobile on silent and keep it with you a couple of hours before you are due to meet to avoid awkward questions later.

I arrived at my hotel room and had a shower and relaxed waiting for Sarita to arrive when she did she discreetly knocked and I was greeted by lovely smile from an attractive sexy woman that is sure to turn heads wherever she goes. Bustling in with her bags containing the outfit I had requested she

wear we exchanged pleasantries about her journey and football whilst she got changed in the bathroom. When she emerged topless wearing just black leather gloves, matching black trousers and suede thigh high boots I could feel my jaw beginning to drop. Her boobs do really have to be seen to be believed and are hypnotizing as they swing towards you begging to be teased and played with and she just loves you doing that especially her nipples!

After much breast playing from me and cock stroking from her she eventually went down on me and feeling the coolness of her leather gloves against my skin and balls as her hair tickled my stomach whilst her head bobbed up and down was amazing. As I could feel her teeth gently moving expertly up and down my shaft it was all becoming too much and I withdrew and held her head gently back to enjoy the sight of me doing the dirty on her which I can only describe as ball draining.

After she had cleaned herself up she returned to lay next to me grinning and asked me what I wanted to do next. I'll admit I had a vague idea before we met of having intercourse with her as well but a quick glance at my watch told me that after that climax I would be lucky to recover before it would be time for her to leave. So we just chatted for a while about her work and things in general before getting dressed and kissing goodbye.

At no point does Sarita make you feel like a number or a chore and after my initial telephone call to her remuneration was never mentioned again. Sarita truly gives her clients satisfaction and I feel she enjoys the knowledge that she knows she does. If Sarita is willing to I'll certainly be looking to meet up with her again.
