The Story:

Well a FR on the lovely Chloe's been well overdue for me! I've just recalled - she also counts as MILF - majorly!

Another one of those who just seemed to suddenly get 'discovered' - and the Field Reports just grew and grew.

I come back to Chloe each time for her attitude, genuineness - and wild nympho nature! She's actually the benchmark against which so many of my (unreported) punts have fallen short - why bother searching any more - the Holy Grail's just sat there waiting to be - taken.

There's stuff I know she 'does' and is one of the very few I'd even think about entering that sort of territory with, which is saying something. Nervous punters - here lies your solution.

And in the Age of 'bronze-is-better' - Chloe's perfect 'English' complexion (face, and body) is now decidedly exotic and becoming increasingly rare - all part of the fantasy for me - you can actually convince yourself that you've got an angel stood before you, albeit with a fair bit of the devil in her!! Like Galadriel, from Lord of the Rings - except even better on account of the flaming red hair. Fantasy material in so many senses.

I've yet to find the time and finances to fully explore Chloe's manifold treasures - an am very grateful to have discovered her, and for every minute in her presence.

I don't usually gush - but Chloe warrants it!! Visit her!!
