The Lady:

As per her site, although I'd say she was far more attractive in person than in her pics. Her boobs seemed bigger too. She's also a very intelligent girl, not physical but I'm going to put it here anyway.

The Story:

I'm not really sure where to start. I'd heard from someone else that Tammy loves to share a shower, and I can confirm that is true. There's nothing quite like getting all soapy and sharing some kisses (she's an amazing kisser too) with a gorgeous girl under cascading water. Ok, it wasn't a waterfall in some tropical paradise, it was a tiny little shower in MK and we were cramped, but I liked it nonetheless.

Anyway, out of the shower, dried off, onto the bed. She certainly does love to kiss, which was great for me because I do too. We engaged in some 69-ing, and sex in various positions with kissing throughout. Her oral technique is to die for, and everything she does seems to be slightly different from everybody else but in a very good way. She even brought out her little vibrating toy to play. The time seemed to fly by but I hope to return and relive it at some point in the near future.
