The Lady:

Photographs give a good general impression - pretty dark-haired girl in her late teens/early 20s. Medium height, lovely slim body.

The Story:

I actually saw Naomi through the excellent bestescort4u who advertise her as Cleo, but on other websites she goes by the name of Naomi. Sadly although she is very good looking, I did not hit it off with her at all. She was not particularly friendly, there were no smiles and my attempts at conversation were rebuffed. She was also oddly intolerant. I have my little foibles, I admit, but they are entirely harmless. It was a bit much to be told I was touching her like an old man because I wanted to stroke her very gently, or being told that I should see a doctor because my premature ejaculation means I have to pull out after a few seconds of thrusting (some WGs would welcome that!). I left the session feeling rather miserable and sad. The precise opposite of a g/f experience. Still, I may well return if only because she is certainly very good looking. Whether she will be prepared to see me is another matter - I rather got the impression that she would much prefer to see young good looking men, than ordinary looking middle-aged blokes like me ;-)
