The Premises:

Clean typical 1st Floor Escort Flat with reasonable Bathroom. Lights were on dim so did not peer around too much, but comfortable with soft double bed. The flat is a slight improvement on the last one a street away.

The Lady:

Slim attractive Oriental with black hair, as per photo's. Seemed more Thai than Malay, poss. a dress size, 6 so very small.

The Story:

Had a great time 2 months ago, so decided against my better judgement to go again, 1st time I've ever repeated - and was not disappointed. Girls like this make punting worthwhile, I cannot imagine any girl (in UK) other than a porn star, doing the things she is willing to do to make her man happy.

Wearing her black skimpy bra and thongs, after a brief assisted wash down (she stayed out of the tub) included a poke of my rear end which made me rock hard, Leila confirmed she recalled my last visit (due to the flowers both times) and knew what I was after.

On the bed, no time was wasted in providing a deeeep BBBJ, followed by simultaneously poking a rubbered up finger in my anal passage to stimulate the old prostate. Worked a treat, so to avoid an early finish, asked to switch to doggy where she attacked my anus with her tongue and gently rubbed my balls and dick.

Then again on my back, legs in the air on the edge of the bed with Leila kneeling on the floor, she licked out every nook and cranny of my arsehole for ages, occasionally moving up to T-Bag me or add a few strokes to my already excited johnny. I held on - maybe for 25 mins of being rimmed, before she eventually told me I cannot CIM (which was different) so just let her keep exploiting me for rimming, my perineum and of course tea-bagging - in dispersed with the odd plunge of the penis - before I blasted off into space.

She kept at it while I came, which was a first for me and initially I wondered if she'd noticed if I'd

been, but eventually after coyly wiping most of the sperm with a wet-one, she continued trying to re-flag the dead pole (no chance). She kept licking the tradesman for what felt like ages - maybe 2 mins - the feeling was unbearably good, before finally letting me down off my natural high.

Though I knew we were way over, she offered a massage after the wipedown, and though I queried the time (we were at 35 mins for a 30 min session) she insisted we still had 5 mins to go so I didn't argue. Her hands are very strong and did the trick - I swear I was snoring which prompted the end of the session, not before she had revived my feet, which I missed last time with an expert squeeze. 30 mins of the massage would be worth the session alone - clearly she has a Masters in Rimjobs and Massage!

Showered again (myself) and left after precisely 55 mins. Remembered to take home chilled bottle of Evian this time too!

A PSE ranking as my best, ticking all the boxes (aside from CIM), no full on sex, not drunk, drugged or dirty, music pleasant enough oriental love songs (I think) and full of vitality.
