The Premises:

Today Scarlett was using one of the anonymous chain hotels.

The Lady:

Scarlett is an attractive mature escort with red hair and very large (augmented) breasts.

The Story:

I'd noticed Scarlett before (was previously with Cloud 9, which seems to have vanished), and as I was in the area, so took the opportunity to hide from the winter storm in the embrace of her ample charms.

These assets were a large part of my incentive to visit, as I did rather feel like a t*t f**k, which was duly delivered.

I'd probably not return, but that's as our personalities didn't really gel - I can still commend her service to others.
