The Premises:

Nice smart flat in Summertown in Oxford. Much more descreet than the house I once visited. However the girls did say they were moving again soon.

The Lady:

Emily is a tall blond Polish girl with a great bum and small perfectly formed breasts. Christine (or Christina) I am rubbish with names is a tall hourglass of a girl, blond and very sexy.

The Story:

I have been with Emily before and she is the most fantastic girl to spend time with, however when I saw Christine and was told they would do a full on two girl lesbian then I had to have them both. What can I say, it blew me away. After lots of kissing between all of us they put on a condom and started to give me a blow job, I have to stop Christine because I was going to explode. They played with each other for a bit and while I composed myself. I then had sex with both girls and finally shot my load in Emily while doing it doggy style with Christine playing with my balls. What can I say, it was a great way to spend a lunch time.
