The Premises:

A palatial Kensington town house with high ceilings and many original Georgian features was the setting for my first punt at House of Divine's London venue. It is a truly sumptuous surrounding staffed today by a pair of Brazilian stunners: Hannah and Tequila.

This is a London postcode that doesn't do rough, so safety and anonymity are assured.

The Lady:

I made a 1400 hour appointment which was deftly handled by the reception staff and I turned up just beforehand. Hannah, herself warmly greeted me and OMG, she's gorgeous. She has a light, blemish-free, golden complexion and is about 5'7". I estimate her age to be very early twenties, much younger than I expected. She's very slim with pronounced breasts, a nipped in waist, great bum and lovely long legs with immaculately pedicured feet. A terrific figure. Her glorious flashing brown eyes masked an unexpected mischievous side to this most delightful and elegant Latina.

The Story:

After attaching my Arab strap to help combat my erectile dysfunction I got the mother of all blowjobs followed by her straddling me and enthusiastically rumping me senseless. I am sure that there is an accepted punting term for this position but I call it lying down with her on top. Due to medical complications orgasm is rare for me. I explained this condition to her and she was very understanding when I was unable to climax - it certainly wasn't for want of trying on her part. She went to impressive lengths to ensure my satisfaction. She even managed to intuit the kind of enjoyable dirty talk that was required to stimulate my semi-flaccid erection. I have recently rediscovered penetrative sex after a decade-long absence and I'm really enjoying it.

In addition to being very, very good at what she does she's tremendous fun too with an affable personality and excellent English. There were moments when the pair of us were creased up with laughter and she appeared to enjoy herself as much as me.

The price is a very reasonable ?120 for an hour in an area of London usually associated with a significantly higher price bracket. Hannah seemed honestly reluctant to take a tenner tip afterwards and it exercised all my persuasive skills in getting her to accept. I can count on the fingers of one hand the number of times this has happened.

What a lovely girl. I am looking forward to my next visit.
