The Story:

I knew before my first visit to Crystal that she was someone very special. I had admired her website for a couple of months (pity her lovely face and beautiful baby blues are obscured from her gallery pics), but she generously reveals more on her edgy blog - which I find really witty and entertaining! We also had several nice long and quite cheeky phone chats and text exchanges, so by the time we met it felt like meeting a warm and familiar friend, soon we were leaving the nervous tension of first meeting behind us. She looked very alluring dressed in a short black dress having a figure to die for, and such lovely long blond hair, in every way a gorgeous mature woman confident in herself and her attractive sexuality, which she oozes from every ounce of her magnificent body. We had both brought some wine which we shared as we chatted and gently started to explore each other. Crystal is wonderfully tactile and responsive and her kisses are deep and can melt your heart. Soon, but not too soon, for she has an immaculate sense of timing - with a little teasing! I was invited to help Crystal out of her little black dress, and able to enjoy her silky soft skin and massage tricks.

Conversation was easy natural and fun and lasted throughout our joyous encounter as we got to know each other physically as well as spiritually. Crystal has excellent assets! - depends on your taste, but she delivers all round; those magnificent warm responsive breasts ? that she uses so well in her relaxing massage techniques, her lovely long legs ? strong when grasped around you, lips as soft and juicy as the freshest fruit that respond to every lick, suck and kiss. Crystal lets you know what she likes and can be quite loud in pleasure, which is another big turn-on, great aural (as well as oral!) stimulation, given and received with immense joy and pleasure. Another great pleasure is the eye contact that Crystal bestows on you in each position when possible! Beware or you too may fall under the spell of the baby blues of Crystal Ball.

Crystal is a most vivacious and gorgeous woman who knows what men (and women enjoy) and she delivers in every way you could dream of. Treat her well and with respect and you will be close to

the top of that stairway to heaven, if not there, by the time you say adieu. Like me you will certainly want to return for chapter 2!
