The Story:

This is my third time to Fun place and out of the 3 - this is hardest to write about. I am not sure what exactly happened in the room, I am sure she got more out of it than me! Fallon came in and was all over me like a rash, rubbing her tits in my face and sucking/biting my nipples and scratching my chest with her long nails. Value for money wise I am sure it was unbelievable value, I am sure I got more than my monies worth, she did things to me that others would have charged more for and furthermore some of the things she did I am would have a hard time describing but I really enjoyed them.

Fallon is the type of girl where you know she will give you her all, never quite experienced that before in a punt. It was quite an extreme service, she is very full on - like porn star full on, she enjoys her job, she really enjoys her job. Again this is strange, I felt like I was her play thing for 30 minutes and in the nicest possible way I felt a bit used. Trust me, I feel really happy but at the same time a bit bewildered as it is rare you get more than you wanted in a punt, I guess I got lucky, fantastic time, very pleased. Still in a state of shock.
