The Premises:

I met Victoria at my hotel (Ibis) in Portsmouth where I was staying over after a footy game.

The Lady:

My first impressions of Victoria after I got a call to come and rescue her from the hotel lobby (lifts require keycard) are best summed up by a simple "WOW" as the lift doors opened. She has lovely silky long hair, hypnotic eyes and legs I could admire all day long. Later on, disrobing revealed a lovely firm body and silky smooth skin just begging to be stroked and kissed. Add to all this a wickedly naughty & mischievous sense of humour and you have as close to a perfect package as you can get. Victoria had asked me what I would like her to wear and as per my hint that I found sheer things extremely erotic her tastefully sheer blouse and black stockings were a tantalising hint of what was in store for later.

The Story:

As I prefer the more laid back dinner date approach we first visited a local restaurant Victoria recommended, good food and even better company. I think the topics of conversation varied from Dr Who and the Daleks to the evolution of man to swordish steaks! She is a wonderfully intelligent conversationalist and can turn you on with her a look from her eyes alone.....which she did....repeatedly!

Back to the hotel and without going into too much detail a wonderful time ensued, I do tend to prefer the lady to take the lead in the bedroom and Victoria relished this. I am also a little on the shy side when with ladies I find particularly attractive and Victoria I think found it amusing to erotically tease me, such a naughty minx. Much passionate kissing went on which I found particularly enjoyable along with all sorts of other naughtiness and pleasurable antics.

It's a shame that Portsmouth is so far away from me - or on seconds thoughts maybe not as otherwise I'll quickly go bankrupt making repeat bookings!
