The Premises:

Basement apartment just off high street kensington, area felt safe and address was easy to find, short walking distance from station. Apartment was clean and spacious, comfortable and most important the kind size bed was a big bonus.

The Lady:

Tanned honey colored skin , soft to touch , petite figure with nice large breasts (felt very real to me but i suspect they were enhanced) not that it matters because they kept me more than happy

The Story:

I showered before the meeting but Kalima insisted on me jumping into a very bubbly bath with candle lights and aroma oils , i couldn't refuse, she helped me scrub down and made sure my little guy received plenty of TLC but i think she was just making sure i was clean enough for her standards , which is not a bad thing after all.

Straight into the bed after and asked me how many times would i like to "get cum" as she put it , bless her. I think burst just from her rubbing me up and down with a body to body massage , then i gave her some TLC down below which she seemed to enjoy but was even more eager to get my little guy inside her so she offered me a quick bj before putting the Durex on and we had a good 15 mins of pounding and sweating in most positions that i can remember where possible .. i came and she asked me if i wanted more , by then i was worn out but happy and settled for a quick back massage . Kalima is very eager to please , full of life and seemed happy with her work. She takes great pride in making sure you leave with a smile on your face i would say .. top girl
