### The Premises:

Very nice and well furnished serviced apartment in Pimlico, a short walk from the tube. Amy had the lights low in the bedroom with some candles which was a very nice touch and set the perfect mood.

### The Lady:

In a word, wow! Amy's pictures and pen portrait on her website are spot on: petite and curvy figure, beautiful full breasts, smooth skin, long dark hair and piercing blue eyes that were striking even in the subdued lighting.

### The Story:

I had a wonderful time, one of my best ever, so much so that for once I'm tempted to write one of those coy 'what happened will remain private between us' reports. However, given how useless I find those, I won't. So here goes...

In terms of services Amy's website tells it as it is. Amy loves to kiss and is a fantastic kisser, the effect being that she had me fully aroused without even the merest touch below the belt! Oral is 'with' but, as she says, you barely notice the difference - I'll admit to being close to disgrace at more than one moment! And the sex - including A - was wonderful; it had an amazing tender urgency to it and when I came with Amy in cowgirl it was head-to-toe-shudderingly intense: incroyable!

Most importantly though, Amy does everything she does as if she means it; I lived that 'I forgot it was a service' checklist phrase for field reports on The Erotic Review. In the moment, being with Amy just felt like being with a beautiful, sexy lover as opposed to 'a service' or even a 'GFE' - which, of course, may make Amy the definitive GFE!

In short, Amy is the (horny) thinking man's woman. Her physical charms are indeed undeniable but it's her personality and sheer sensuality that make her special and stand out. Amy is wonderful company and we managed a conversation long beyond the scheduled time that was sincere and intelligent while also truly engaging and easy going. I now understand what the fuss is about and Amy fully deserves her (growing) legend and legion of fans. I'll definitely be back, as soon as I can in fact!
