The Premises:

Small first floor flat in an ex council two storey house. Bedroom was reasonably clean and quite luxuriously furnished. This is her home. Easy and free parking. Not far from the Lombard roundabout and the Croydon tramlink, so should be reasonably accessible by public transport.

The Lady:

Shortish fair haired woman, I would say late thirties with huge breasts, she quotes them as 44KK. There is however also a very large "third breast" in the form of a very large belly. I would say that the description of her as a BBW is a fair one. Pleasant, friendly and obliging nature. You can find out more details and a couple of rather poor photos via the StudioB website and the link to the other site that should not be mentioned.

The Story:

This was very much a "speciality punt" for me, I was drawn to the encounter by the promise of her mammoth breasts! In the kitchen she made me a nice cup of Rosie Lee whilst I started to explore her vast curves and discovered to my pleasure that under her dress she was knickerless!

We then adjourned to the bedroom where she removed both her dress and her truly gargantuan bra to reveal all. I spent a happy time exploring her ample curves and having her dangle her twin airships in my face. I quite forgot about my cup of tea!

I then requested "O" levels which she performed uncovered and to a reasonable standard. Whilst she was thus occupied I endeavoured to locate her pussy, but this was quite difficult due to all the folds of flesh.

When I suggested sex in doggy she started to get in to position, but with no offer of a condom. When I requested this she said she did not have any as most men just wanted to come over or between her massive mammaries!

So, as I was not prepared to go bareback, I asked her to resume the "O" levels and when I was

near climax I asked her to complete the job by hand.

It was very unusual for me to complete a punt without full intercourse, but in retrospect because of her sheer size, it may have been very difficult to obtain any sort of reasonable penetration.

I have not recommended because of the lack of condoms and thus no full intercourse, but if you are into very large BBW's she may be for you!
