### The Premises:

Parlour has been refurbished, fresh looking, warm rooms with comfy double bed. Tv with porno movie playing ( Not my thing, but this caters for all tastes ). Situated on side road 1 mile or so from Stoke Town Centre. Discreet access is gained along a small alley way off a back street. Parking is a little tricky as the roads immediately surrounding all have double yellow lines. Having said that, there are side streets available a few minutes' walk away. Safe area.

### The Lady:

Carly is an attractive caucasian lady in her mid 30's, a curvy size 10 with ample sized breasts. Came into the room wearing a black basque, suspenders, fishnet stockings, high heeled shoes and black thong.

### The Story:

Carly was very chatty and immediately put me at ease, after only a few minutes it was like talking to an old friend. She does charge extra for OWO and RO, I had no spare cash so opted for the available services. Carly does kiss and cuddle and believe me this alone is worth the money!! I declined the massage and as we lay there her hands went to work on my cock, soon getting the desired effect. After some initial kissing and fondling of her very responsive nipples, on went the cover and she gave me one hell of a slow, erotic blowjob, complete with eye contact!! Couldn't take much of that so had sex in several positions, beauty of an hour session is that you can take a time out to kiss and cuddle, finally she took off the cover and finished me with a slow handjob. No rush service, she cleaned me up and offered me a drink, took advantage of an orange squash while we chatted some more. This was an hour of sheer joy and I left with a smile on my face. Carly, I will definitely see you again.
