The Story:

Started by booking the appointment warlier that morning as I wanted to treat myself to some watersports. I asked what girls were working who provided this service and was given a choice of three and I picked Mei.

This was one of the worst visits I have had at Devine. The lady was fine and I was looking forward to seeing her. The problem was that the location was number 15, which is where the management run the operation from. Arrived and shown into a room, a few minutes later asked to move by the receptionist who showed me in as they needed the room. A little surprised as it was only a few minutes before my appointment. Then another women appeared with the WORST attitude I have ever come accross at this establishment. I was told in not a very nice manor that I was early so I had to move as they needed the room. I moved to wait in the kitchen and was talking to the original receptionist who said sorry about the other women, she then came into the kitchen and continued with the comments.

I was then showed into another room to await the arrival of Mei. She entered the room and asked if I had booked for watersports, to which I replied yes. She then tells me that she did not do watersports and has never done this service, but she would try if I wanted. As i did not want to make her feel uncomfectable I declined her offer and left. She then had to ask the womaen who was clearly running the operation if I could leave.

House of Devine offer a great service usually and I would advise you guys to avoid visiting any of the girls at No. 15. Make sure you see them at one of the other flats.

As for me I went down the road to Annabellas and had a great time with a great girl.
