The Premises:

The outside had scaffolding and the hallway like a building site - the flat itself was cold, not ideal for romance

The Lady:

She's a lot fleshier than her pictures - she told me she has some "condition" which I believed as she's a sweet girl. Huge jugs. I wondered if it was the girl from the site as her hair was a bit darker - it is the same girl, though much larger as I say

The Story:

She gave me her full attention and was caressing my back with her fingers and kissing it. She proceeded to give great head and when I came she seemed to swallow without coming up for air as she continued to blow me hard again and until I came again - that was a bit special. I then mounted her but as I said being a large girl it didn't feel that sexy to me personally - a bit too jelly like. A mixed review as I wouldn't return - if she was fit looking I'd definitely go back as she's a fun lady.
