The Premises:

Nice clean flat in smart new block, about 15 mins walk from North Greenwich tube station. Not that easy to find if you don't know the area, but no problem in future. Comfortable and safe.

The Lady:

Young slim Polish girl, early 20s, with long dark hair. Very shapely and friendly, though also quite inexperienced as an escort.

The Story:

Initially booked Tamara for an hour, but I arrived late due to getting a bit lost looking for the place, so since she had limited time, we agreed ?60 for half an hour. In fact we ran over a bit, chatting about various things.

I love kissing pretty girls like this and we had plenty of DFK - she has a stud in her tongue which made for interesting interaction. When it came to actual sex, though, there was a little confusion. She has a profile on another site, evidently hastily written by someone without much English (a friend wrote it, Tamara said).

She believes there is a price list for individual services on her ad, but there isn't. I showed her this on my phone, and she was rather surprised but sceptical about whether the ad on a full-sized computer would be the same (it is!). Anyway, to cut a long story short, after some nice covered fucking, we took the condom off and I paid her an extra ?20 for OWO, which she did well and I ended up spunking into her lovely mouth.

She is really sweet, and a promising escort who I reckon guys will fall in love with in the future. Needs more experience, and needs to sort out her advertising or perhaps charge a slightly higher price for an all inclusive service, but I'm sure she'll sort this out. Anyway, she is gorgeous, and when I get the chance I'll see her again.
