Exactly as photographs and written description on her website.

### The Story:

Having given up Punting in 2006 for a variety of reasons, over recent Months I had a hankering to partake once again, albeit in a more limited form than previously. Ruth was one person who I had wanted to see "first time around" but never managed to.

I found Ruth to be an easy going genuine person. She certainly does not put on an Act or Performance and is open friendly and welcoming.

Starting in her lounge with a chat which led to gentle kissing and then moved upstairs to her bedroom the appointment flowed seamlessly and erotically.

At my age, where the special telegram from The Queen is but a couple of Summers away memory of the event is but a blur (my way of avoiding writing too much graphical detail). I do recall a long session of RO after which Ruth took over and brought herself to Orgasm with her fingers. My recollection of her aroused clitoris and bullet hard nipples will stay with me long after I am incapable of much else.

I sense Ruth is quite a complex and multi faceted person. It's a shame I have decided that extended dates will be outside my remit this time around as I'm sure she would be a delightful and fascinating companion on a dinner date or overnight but I will have to leave others to enjoy that type experience.

If my return to the scene is any more than fleeting I would certainly see Ruth again when I am in her area.
