### The Premises:

Clean flat in a nice area. Shower is available, but there is an issue with the hot water...

### The Lady:

The pictures are genuine. Jane is a tall and slim girl, with a perfect body.

### The Story:

I was all the more disappointed by the meeting than the previous reviews were very positive.

The dress code was respected.

I was welcomed coldly. At this moment, I wondered if I should leave, but stupidly, I decided to stay...

After the usual shower (good to know that there is a low debit and an issue with the hot water), Jane was cold and passive. I made all the possible efforts to warm her up, with kisses and hugs, but she seemed to be bored. I tried to talk to her to understand if there was an issue : homesickness, personal event ? Unfortunately, with her poor english, I could barely get a few words as an answer.

It is the first time I have such a bad feeling with an escort (I am told to be nice and handsome).

We've started with FK (at least, she seemed to like that) and caresses. I licked her pussy for a while. She got wet(good news, I was not with a robot...) and seemed to warm up. But she remained passive and distant limiting her movements to kisses and handjob.

The strange part of the meeting is that she didn't try to rush and get rid of me.

My bet is that after 4 months of escorting in London, she is fed up with this job.
