The Premises:

High-class studio flat on one of the top floors of an upmarket high-rise block with smartly-uniformed reception staff. Beautifully decorated and very comfortable. Floor-to-ceiling picture windows with a magnificent view of the Thames from the bed. Close to South Quay DLR with parking for visitors in a rear courtyard. Jennifer is a genuinely independent girl and she lives here. There are several pictures of the apartment on her easily-found profile on the "A" place.

The Lady:

She's a happy little ball of energy from China, intelligent and chatty with a good English vocabulary. But she has a strong accent, so you really have to listen. Listed as 29 on her profile... probably early 30s. Short and slim with nicely curved hips and bum, small breasts and a couple of large tattoos. Medium-length reddish-brown hair. She greeted me at the door in see-through black undies and a high-heeled knee boots. Lots of sexy pictures on her profile with her face fully visible.

The Story:

Picture this: 6ft 1ins of stark-naked Englishman standing next to a full-length picture window with his hard-on thrusting deep into a little Chinese lady's wet pussy. He slowly walks round the room with her arms around his neck and her legs wrapped tightly round his hips.

"Oh my goodness.... oh my God! Oh wow!" She keeps up a running commentary of excitement as her slippery love hole slides up and down his pole.

This was me and Jennifer.. it can't have lasted more than a minute or two before I laid her on the edge of the bed for a proper fucking, but what a fantastic moment. It's a real shame the tower block is so much higher than its surroundings... I wanted someone to glance out of a window and see the show.

This encounter was a total fluke which came about because I was badly let down by another girl. I had been directed to a postcode in a street nearby, but then spent 20 minutes waiting in my car as repeated phone calls and texts went unanswered.

My trusty iPhone came to the rescue when I flicked back to the results page where I'd found the girl in the first place. Jennifer was the only other local prospect with a phone number on her listing. I

called her at 3.20 and though she had another client at 4.30, she could fit me in if I could get there in 10 minutes. I made it with just enough time to fire off an angry text to the original girl.

The reception staff at the flats were very helpful, but when they insisted on calling her flat to announce my arrival I couldn't help thinking that if she gets lots of punters they're soon going to suss out her profession.

So, there I was a few minutes later admiring the view from her window. After agreeing ?120 for an hour she made me a cup of Chinese tea and I stripped off while it was brewing. Within a few minutes she was rubbing her smooth body all over mine, pushing her tongue into my mouth, kissing and caressing me from head to foot and finally taking my naked cock between her lips.

This was my second bout of superb OWO in five days following a visit to Nicole of Woodford the previous weekend. Impossible to choose between them ? both girls really make you hit heights of pure pleasure.

After a while I could take no more and at my request Jennifer lowered her pussy on to my face for an extended session of 69. And there was no protest when I slipped a finger inside her bum.

I realised that the tea would now be fully brewed, and felt so relaxed I suggested we stop to drink it. So I sat on the armchair sipping my tea while she took a bathroom break then came back to start fondling my willy back to full attention.

Tea break over, I got her to sit astride me, then took her by surprise when I stood up, pulled her on to my love truncheon and took that wonderful slow walk round the room, stopping by the window to thrust in and out of her as she held on tightly and giggled with delight.

Back on the bed, I position her bum over the edge then really went for it, pounding her pussy while giving her little smacks on the arse. Then a spot of cowgirl, then doggie, and finally I asked to cum on her face.

??20 extra,? she said, slightly apologetically. ?OK,? I agreed, then she lay back while I wanked myself to an explosive finish two inches from her mouth. I was full of spunk that day and delighted to see it shoot inside her mouth and spill over her lips with separate streams dripping down her cheeks and from her chin to her tits. Fantastic!

Time was running out until Mr 4.30 arrived so I had a double-quick shower and didn't quite get my full hour. But Jennifer's promised to make it up next time...
