The Premises:

Pokey, messy, little hole of a basement flat in Shepherd's Market area. Very safe, but in full view of a busy restaurant. No hot water for shower, so they used a kettle to wash me, managed to pour scalding hot water over my penis, not a good start!

The Lady:

Both girls did not look like the girls in the photos. Both were bigger, older and nowhere near as attractive. One had a nasty looking, recent, scar on her shoulder.

The Story:

Arrived and was immediately on edge due to old newspaper put up over the windows of the door. Almost walked away, I should have.

There was a lot of fluffing around, only one girl spoke to me initially and got with me on the bed, the second came in after we had started. Both girls wanted it over as quick as possible and were not very gentle with the old fella, to say the least. The fake moaning and groaning was loud and very offputting. Given the list of services I was surprised when I tried to go for anal that they didn't do that and when I tried to cum over her was told only in the condom - given their supposed services, one was very spermophobic which was not mentioned. Eventually I couldn't take it anymore, as the treatment they were giving me was painful, and I left.

Possibly the worst escorting experience of my life. I left feeling duped and ripped off, especially as another girl had come in while I was in the bedroom and was waiting for them. She was better looking than either of the ones I saw!
