### The Premises:

House was very untidy and there was a very strong smell of cats. House is a semi in a quiet residential area. Good parking and no problems with people prying.

### The Lady:

Stunning body. Large tits at least 40DD with enormous hard nipples. She has a great pussy with wide pussy flaps and a lovely peachy bum. No tummy and in great condition. Very attractive lady.

### The Story:

As I said above the house was very smelly on entry but when I saw Rachel at the door I just had to go ahead with it. I thought upstairs might not be as smelly but the odour seemed to permeate throughout the house.

I was a bit concerned when I saw the state of her bedroom but when she took her clothes off all that went away. The bed was clean and so I thought "what the hell".

She started with a bit of kissing and then sucked my cock for ages licking her lips when she took a breath. Her nipples are about an inch and a half long and so I sucked on those and played with her massive tits.

I gave her oral and she moaned a bit so I think I was making a point!!! You can chew on her pussy lips and I took full advantage with two fingers inserted. She did not mind me putting my fingers in her bum either.

She offered bareback but I insisted on a condom and so when I was ready I gave her a good pumping and unloaded about a week's worth while sucking her tits and chewing on her nipples.

All the time I was doing this I did not notice the smell or the untidy room.

She does not say much and keeps her eyes closed during the whole performance but that did not bother me as I was too busy enjoying myself. She did not clock watch and after I took the condom off I got dressed without a word being said.

I would not go again in view of the state of the house and her lack of chat but she was stunning and I may be tempted again as I cannot get those tits and nipples out of my mind.
