The Premises:

Nice flat near Oxford street (parking is a bitch). Clean and warm.

The Lady:

Quite a good likeness on the photos, plus a couple of tasteful tattoos and a bit of piercing in all the usual places. Leila is definitely as young as stated, if not even younger. Her body is a perfection, with most beautiful well proportioned breasts (some might think a bit small, but as a friend of mine used to say anything more than a mouthful is a waste, these are just right and I hope that she never ever changes them). Her pussy is nice and clean and refreshingly not completely shaven (but quite tight).

The Story:

Very sexy French kissing, lots of tongue, which will blow your mind out even before you start. Just like a real GFE, she joins the action and does not lie down motionless. I never ever came as quick as I did with this young lady. Not only that but found her so exciting that even ventured for repeats, which were welcomed (one could easily feel her excitement, if you know what I mean, and I think that she wanted me to carry on). Reverse oral was welcomed as well and, probably, rewarded with a surprise. What surprise? Well, I am not telling. You have to treat her just right and you will get the same thing, hopefully. It is for that surprise that I will be seeing her over and over again). Highly recommended, and hurry, she will not be here forever...
