The Premises:

Residential road near town centre and very close to a big Tesco. Safe area. Crap flat, dark, cold, half dissassembled bed with mattress on the floor. Floor could certainly do with a clean!!

The Lady:

Size 10 blonde - not a proper stunner but pretty enough to make you look again. Seen her multiple times over past couple years and is not as tight n trim as she used to be but still has a gravity defying pair of titties and nice legs as well as willing (albeit slightly pungent on this occassion) pussy.

The Story:

Seen her several times but back when she was going by the name of Lucy - used to work in Watford and North Harrow - moves around a fair bit. Have always been rushed - despite booking an hour, have always been obliged to leave no more than 40mins into the hour. Still appears to be very popular on the other site.

Having said that, this girl does provide one hell of a slutty experience! That would be the reason I've been back a number of times. She's not shy in the least bit. For example, had me licking and sucking her feet (was a bit gross to be honest due to the manky floor) as I was fucking her moist cunt.

The action started with a decent blowie with lots of spitting and gagging - was happy to let me skull-fuck her a bit (but nothing too hard). She rubbed her moist pussy up and down the length of my bare cock (not penetration) for several minutes - thought she might take it bareback for several moments! On with the jacket and a furious bout of pussy pounding ensued. She loved talking dirty about having her cunt fucked and how she wanted to taste my spunk and plastering it over her face. Didn't last too long with this kind of slut mouthed pussy fucking. When it came to the moment of the money shot - I can very much confirm what JagManUK has said (same with every time I've seen her) - I whipped out of her pussy, rubber off and, deposite her agreeing to a facial, she directed my monster load all over her tits.

Despite being a real ball-draining experience each time, being made to feel obliged to leave rather early (and only after just one shot) and the misleading agreement to take a facial in conjunction with

the manky place, I have vowed not to return. At this price level in the market a significantly better experience (either PSE or GFE) can be had. She should either modify her methods or her prices.
