The Premises:

Flat in residential block. Safe. Can park right outside. Flat was a bit cold. Also, hate it when girls black out rooms and insist on using just tealight candles. Everything else ok tho - clean so no complaints.

The Lady:

Very slim and very pretty (sandy) blonde. Size 6 with very soft body (like ripe fruit) but not droopy in any way - just soft and delicate. Had several bruises so signs of possible abuse or genuinely delicate.

Lovely B cup titties, great legs, tight tummy and a delightful pussy!

The Story:

A cold cold day so had a bit of trouble warming up once inside her place, which only had storage heaters.

OWO was not available despite being agreed to on phone (guess she doesn't answer her own calls) but website now indicates that this is now an optional extra at +20quid. Although a disappointment, she was so pretty that it made bugger all difference. Another neg is that she didn't kiss properly. Never mind, eh?!

On with the rubber and sucked away to get me hard - how girls can suck on the lovely taste of rubber I don't know! However, watching such a pretty girl sucking my cock with gusto soon had it nice n hard. She took this as a sign of 'ready to fuck' so spreadeagled herself showing me her beautiful and pouting pussy (topped with cute landing strip). How could I refuse to fill such a perfect invitation?! I gingerly fed my cock into her perfect pussy - watching intently (requires quite a bit of effort in such a dark room) as her pussy lips parted and took every inch. I savoured the delightful moment once snugly into the hilt and it was a genuinely sensual moment. I normally prefer a PSE but this really was something sublime and unexpected. Eventually got the momentum going and she made all the right noises of enjoying herself (probably pretend but hey, I'm paying for it and the illusion was just fine). Doggy ensued and then back to mish until her silken pussy extracted a very long and copious spunking from me that filled the rubber.

A post coital cuddle and some light convo later, we got on with another round. We repeated much of the same but, due to me not having eaten yet, I couldn't deposit another load as I was suffering from rumbling tum! Time was up (altho she didn't indicate so in any way) and I got dressed quickly. A light kiss, farewells and I was off to hunt for food.

Despite not getting what I usually look for (OWO and DFK), this was an incredible punt with a beautiful girl and very very memorable because of the sensual experience. Perhaps it had something to do with the dark surroundings that naturally enhanced the touch and downplayed the need for visual stimuli. At this price I'll be back to try and recapture some of that magic. Treat her nice and with respect!
