### The Story:

It's a long time since I have visited Sensations and having found it closed once before I did even think it might have closed down altogether until I happened to read a couple of other recent reports. Tiffany was lovely, seemingly up for anything and said all the right things. Key for me is she likes having her pussy licked and was happy enough with me probing her with a couple of fingers while I lapped away at her clit until she came, which always turns me on and usually makes girls keen to reciprocate. After some nice oral on me we finished with me stood at the end of the bed taking her from behind until I reached a very satisfying climax.

A nice chat completed a very happy visit. Give me a girl who can enjoy what she is doing and more likely than not I am going to leave a happy and satisfied customer.
