The Premises:

We met at a Velvet Pussy party in Bournemouth, a private house with several floors, with the sitting room and kitchen on one floor and two bedrooms above. Pay car parking nearby.

The Lady:

Ellouise is blonde and petite, a very girly figure and a face that says "I want to do naughty things to you."

The Story:

The party started with all four girls getting their kit off and having a gentle play with each other while the guys watched. When they motioned us to join in I started with Ellouise. It was her first party, but she didn't seem nervous at all and she soon had my cock in her mouth while other things were going on around us. I returned the favour on her while she sat on an armchair, then the condoms came out and we went at it, both on the floor and on the chair. She's a nice size for me as I'm quite a skinny guy and we could really do it quite vigourously. After a while I was at the brink and I took the condom off and came all over her pert tits, which she clearly enjoyed.

Ellouise is a dancer, like many of Sable's girls, and has a lovely lithe figure, she looks younger than she is. I look forward to seeing her at parties in the future.
