The Story:

Welcomed at the door with a wide smile and a glimpse of a pink set on her petite size 8 frame.

We were soon chatting and snogging side by side on the double bed. Lulu is so relaxing to be with and was soon divested of what remained of her clothing and her hand drifted to my now erect penis whilst I concentrated on those pert nips. 69 soon brought on her first orgasm and she did enough with percy to keep him on the boil without going over the top.

A change in position took Lulu on top and rubbing herself along the shaft, teasing, whilst I reconnected with her natural non-enhanced boobs. Nice to have the casual banter interspersed with the sexual activity and although time was not an issue we still had time to cover up and try cowgirl, doggie and finally mish to finish.

By far the lasting impression is of an extremely relaxed session with a lady who thoroughly enjoys what she does, doing so in a warm and sexy manner.
