### The Premises:

As with all previous reports. Dolly's place is something to behold. Unique. It reflects her personality 100%. The block by her own admission is horrible on the outside but inside the decor is well... just go and see. Lots of bric-a-brac, shelves of books and art of her own creation all over. But kept very clean. Her room/boudoir is nicely dimly lit and gives the right atmosphere.

### The Lady:

Gorgeous. About 5'4/5'5. Dark/black shoulder length hair, lovely pale complexion and blue eyes - that's always a fatal combination to me! Others have commented about her skin. She has the smoothest skin I've ever come across, perfect complexion. Curvy with perfect sized breasts and very, very responsive nipples.

### The Story:

Outstanding!! Dolly is so natural. Intelligent. No airs or graces with her, she puts you at ease straight away. If you read her entertaining blog and website you will see her character and humour shine straight through. She certainly is no clock watcher. All the other guys who've taken the time to write their FRs say the same thing. See her, be respectful because she certainly deserves it and you'll be rewarded bucket loads!
