The Premises:

Nice semi detached, very safe area so no problem leaving car in the street. She likes to operate in her lounge which is fine for a BJ but gets a little hard on the old knees with carpet burns once you get after it.

The Lady:

Zoe is in her early 30's and a little on the round side side to say the least but she goes like an olympic runner she really knows how to use her attributes well and has a pair of tits to die for and nipples like hazel nuts they get that hard.

The Story:

This young lady gets better every visit, she has numerous toys which she will apply to both you and herself, and believe me she can suck the chrome off the door handles. There is not a lot she will not do and she is either a very good actress or she loves her work and I think it's the latter. She keeps saying that she is going to bring one of her friends so that we can have a FFM session but this never happens I think it's her trying to get me even more up for it. If this young lady doesn't get your teeth chattering and your toes turning up there is something wrong with you go and see a doctor. However as I said earlier if you're looking for a young size 6 or 8 bird don't waste your time. She is a double burner job and will roast your arse for you.
