### The Premises:

Serviced apartment just off town centre, only here on tour for one week, may return in the future. Safe parking, but trying to find apartment number was a nightmare. Had to call Susan again when at door before pushing buzzer.

### The Lady:

Looking at website Susan is a stunning lady, in reality she must of had a seriously bad case of acne when younger.

As with all Thai ladies, Susan is petite, with a great body, and enhanced breasts.

### The Story:

Called Susan last minute & booking accepted.

Door opened before knocking & entered into dark hallway, so could see outline of a great body but didn't see her face until in bedroom. "shock" Susan nowhere near as attractive as her pictures (wonders of photo editing). Had a fantastic Thai massage for about 15mins, then rolled over to be greeted by the biggest nipples I've ever seen, gently stoking her body I slowly made my way towards them only for her to pull away saying they are too sensitive (gutted). Susan started stroking me & I quickly rose to the occasion, now she kept looking at me pulling funny faces & saying "ooh very big" (no I'm not, I'm average) things went downhill quickly from here on. Requested OWO as listed, nope on with condom for worst BJ ever. This lasted about 2/3 mins then she told me to take her from behind, I said no reverse cowgirl, total look of bewilderment on her face, eventually she got it, but the second I penetrated her all I could hear was "ouch ooh ouch". What a turn off. Well after about 15mins of totally boring sex I exploded. With 25 mins left of a 1hr booking, I thought maybe a 2nd round, so I was treated to another good Thai massage, then told time's up, looked at clock, only 45mins had past. Left disappointed but muscles felt a lot looser. Susan take up massage only, that is what you're good at.
