The Premises:

Normal semi detached house located on busy road, no one would suspect anything as so much passing traffic and other houses.

Busy parlour as woman opened the door whilst the phone to another punter, clean and functional.

The Lady:

Apparently Italian but more south American, average face nice body although slight baby fat around tummy. She appeared enthusiastic overall and was polite. Approx late 20's size 10, light skinned, shoulder length hair, prominent nipples on a c cup.

The Story:

I stood up in front of mirror and ran my hands over her body whilst she pulled my growing member to attention. I laid on the bed and she proceeded to kiss my unwashed balls gently and my chest, I meanwhile stroked her ass.

On with the shield and I plunged into her baby stretched flange although still a snug fit, pumped for sometime before adopted missionary where she let me bang into her as hard and deep as I liked, even had her legs up in the air allowing me deep penetration. This went on for approx 20min until I had had my fill and emptied.

Overall, not a bad experience.
