The Lady:

Very sexy looking Hungarian Blonde. The website photos dont do her justice (yes I know they are purposely blurred), for some reason I was expecting someone slightly cuter, but she was all woman, great body and in particualr great legs and arse

The Story:

I lovely wet FK to start - very intense and a lovely opportunity to feel my way around her body. She definitely sensed I was keen on her arse as, without prompting, she turned around and ground backwards into me - heaven. She then bent over and I could resist going down on my knees removing her panties and diving my tongue straight in. this continued onto the bed where we both continued to enjoy the expereince before she moved into OWO - absolutely fantastic and I let her continue for a long while before I fancied another taste of her and we went into 69.

This was so good I knew I was going to struggle to stop and rather than resist I let her know we were getting to teh point of no returnpoint of no return which just made her more vigorous! she expertly finished and although disappointed I did not complete a full job I was more than satisfied and will definitely be back for more. Wwe finished with a gentle massage and a lovel cuddle - Elise was a greta punt, smart, caring and very sexy
