The Story:

A very enjoyable punt - one where i got everything i wanted, how i wanted it - which seems to be a rare thing for me.

She brought me a drink and was nice and friendly. She offered a massage, which i accepted - there was some nice use of something feathery up and down my back.

Then i told her i just wanted a slow blowjob - she seemed to understand, because she then gently sucked my balls and tongued my cock, teasing, never going too hard or using much hand - i really hate it when girls try to rush you to climax like that.

So, this continued in a relaxed fashion, then she mentioned that i should tell her if i was going to cum, unless i wanted CIM which was extra. i asked if she did CIF, and she said she did, for the same extra ?20.

Well, this was fine by me, as i find it hard to find girls who are happy to take it in the face! I straddled her chest and she let me fuck her mouth, then i pulled out and wanked my self over her mouth and chin, gratified to see her licking and catching the cum on her tongue.

all in all, a very nice punt.
