The Premises:

Private room in a flat in purpose-built block in quite an expensive part of the city. Room was probably not expensive though - rather too small for this kind of business, really. The lady was a bit embarrassed about it and says she is looking to move somewhere better when she can.

The Lady:

Petite Thai-oriental lady. About 30-ish, maybe a little older. Very attractive, but shy. Hides her face on website.

The Story:

Very enthusiastic and affectionate. Started off with very sexy deep-french kissing, she really does kiss hard and is very good at it. Went on for a good 10 minutes and I got more and more excited till she pulled my pants off, lay me back on her rather small, single bed and started sucking my cock. Sucked my balls as well in the process, really went to town and again, I got more and more excited as she licked me round and round and sucked till I spunked loads right into her mouth. She did not spit it out, but kept it in her mouth for quite a while, then made it very clear that she had swallowed it. Incredible really, all the time she looks you in the eyes. And what nice, pretty eyes she has.

After that, she cuddled and kissed me for quite a while and I gradually got going again. As I got harder, she went to her chest of drawers, got out a condom, opened it and put it on me. Then she got on top of me and rode me pretty hard, for about 15 minutes. Unfortunately, 1 hour is really not enough for me to recharge batteries and be able to come twice. Next time I will book her for a couple of hours - her prices are pretty reasonable for that as well. So after a certain point I asked her to give me a massage instead.

Her massage was very relaxing, as she advertises, and she is again very good at it. Can't fault her, in fact. She is a bargain, she is new on the scene and at the moment her prices are good, probably reflecting the fact that though she is amazing, the venue is not. If she has any sense, she will get a better place and charge more for the privelege (and it is that) of fucking her. I would certainly pay more if she had a better place. And irrespective of that, I will be back to see her again.
