The Premises:

I was staying in a hotel in Gloucester and had an outcall to my hotel.

The Lady:

Megan is an attractive petite lady. She says shes 30 but looks younger, perhaps mid 20s. Megan has a very athletic build, slim, small firm breasts, great bum, she's about 5'5. She's apparently a horse riding instructor. Well her body is definitely toned and she has some great riding skills!

The Story:

I was stopping in Gloucester. Came across Megan's contact details online. Megan seems new and hasn't got any reviews so far but I liked what I saw so gave her a ring. Quite stunned to hear a very well spoken voice at the end of the phone so wasn't sure if I dialled an escort!

Megan arrived dressed in smart black suit and sexy white blouse and nice high heels. She looked very professional and discreet. After sorting money side of things she began to undress me with her mouth, kissing me passionately and moving her tongue down my chest to undo my belt and started teasing my cock with her tongue.

I soon got her stripped off to find a sexy purple lingerie set, fishnet stockings and suspender belt! My cock got incredibly hard! In a moment of pure passion Megan pushed me onto the bed ripping my trousers down, rolled on the condom and started fucking me on top!

I normally like a little foreplay first but Meg seriously wanted to ride me which was an incredible turn on! I just lay back and let her ride me senseless. She loves it deep! she rode me cowboy and then reverse cowboy, then I couldn't handle it any more and fucked her nice and deep doggy. It's such a turn on when a posh bitch with a posh accent asks you to explode in her! WOWWWWW

We had a break for a while and a chat and coffee. We were actually chatting about the recession and the lady is very intelligent and clued up business woman. Makes a nice change, escort with brains and not doing it purely for the money.

After our break we went for another session. This time we had a more girlfriend experience. Lots of

slow sensual kissing and moved onto a 69 I enjoyed getting my tounge stuck in her juicy pussy and she gave some amazing head. We hen moved onto some slow, intimate sex and finished off spunking my load ovr her tits. Nice finish.
