The Story:

I booked Tigerr Benson as a playmate for Amber and they certainly hit it off.

Wow!

This has to be the best experience available in London today.

After a succession of disappointing bookings with porn stars I had come to the conclusion that if you want a porn star experience you need to see proper escorts such as Chantel or Carla Minx as porn stars fail to deliver.

These girls proved me wrong this session could have come straight out of one of their movies (well apart from me being there of course) it was an overwhelming experience. These are the girls that define the terms "dirty" or "nasty" sex and they certainly have experienced more things than I can even imagine and have no qualms in providing whatever your desires maybe.

To be honest a lot of porn stars are not the sharpest tools in the shed and probably require a director yelling at them to deliver a performance but Amber is certainly NOT one of those. She strikes me as very intelligent and intuitive so quickly adapts to whatever you are looking for and for a pervert like me it was ideal.

If you are a fan of Amber book her you will not be disappointed she is the real deal.

If you have never heard of her look her up.

She is not a silicon enhanced busty babe so will not suit everybody but you can always book her with Tigerr to tick that box and get the ultimate thrill.

As you may have guessed by now I recommend her but she is only here until 15th March so you better get a move on!
