The Story:

Louisa is warm, very chatty, puts anyone at ease and talks to you like she's known you for years. She also happens to be very, very pretty - having a lovely little body that she keeps trim with running and a variety of other weird and wonderful exercises.

She led me upstairs and announced she was off to change into 'your little outfit'.

I sat on the bed, trying to listen to the radio but eagerly awaiting Louisa's return... what a site when she did. The outfit was indeed little, she looked a million dollars in it and suggested a "massage or do you want a kiss first".

Kiss then massage aswell as a little fondle and stroke of her lovely legs. Its clear Lousia knows what she is doing with a massage, plenty of long soft, slow strokes designed to keep you somewhere between a horny goat and a sleeping marshmellow.

The massage finished, Louisa suggested I turned over and Louisa turned her attention to my 'groinal area' - I wont go into graphic detail - suffice to say Louisa knows exactly what she is doing and really enjoys teasing and pleasing a man. She even said as much.

I felt like a king having this gorgeous girl taking me to the brink, then easing off, then going back for more.

Then she suggested it was her turn and laid on top of me as we both enjoyed each others company - which was heaven but I found it difficult to give Louisa my usual attention as I was going blind with what she was doing to me. Some more kissing, long and deep and a little bit of teasing me then on with the hat and the sight and sound of Louisa on top of me, grinding away on me and kissing me got a little too much for me and I past the point of no return.

We lay together and chatted some more about a variety of things (including another shared interest of telling people who push in where they can go - and a hatred of people who stop dead outside shops).

To sum it up an hour spent in the company of a wonderfully friendly and sexy lady. People say punters in Manchester have it good, if Louisa is an indication of girls in Liverpool - so do we!
