### The Premises:

Entered an above shop flat from a rear staircase. Showed into a room and asked to wait for a few minutes. The room was a complete mess and I was left there for nearly 15 minutes. Nearly left premises. Eventually shown into a bedroom which was well decorated and clean.

### The Lady:

The lady made the wait totally worthwhile. She was absolutely stunning and one that I could only dream about being with. She made me feel at ease (it was my first time at a parlour) and happy to chat but be serious when needed.

### The Story:

Melissa offered full sex and oral with and all for ?60. Don't let the cheap price put you off. Melissa is a very high class girl. I think the premises are moving soon. I was lucky to have such a great first experience.
