The Lady:

I saw Annett a few times in her Bounds Green days. I heard that she had improved her services since becoming self-employed, so I went to check things out. Annett is nothing if not good-looking, and her body is as good as I have ever seen in the slim/athletic type. She has a lot of pro photographs of herself around, on calendars and things - but strangely I don't think she photographs that well - she is certainly much better looking in the flesh.

The Story:

Annett led me in after giving me directions on the phone - beware that mobile service on some networks isn't amazing on her street, so don't be surprised if finding her is a chore.

Her place was clean and tidy, and Annett put me in her massage room. I got undressed, and she returned wearing only bra, thong and hold-ups. This was a surprise, but I asked for naturist anyway, and she duly undressed completely.

There have been some complaints about Annett's technique in terms of actual massage -and I have to agree. It's not the best, but if you look at in terms of what it is - it's fantastic. Annett provides more of a super-powered lapdance than a massage. She put on a great show, used her whole body and rounded it off with a good happy ending. She does chat a lot about her life and stuff - and the rather intimidating sword on her wall - but I think its a great service for the price, and she is pleasant and fun.
