The Premises:

Easy to find anonymous block on Bishops Bridge Road. Nice big room, nice big bed, all thoroughly clean but I think I broke the shower. The button you use to get the water to come out of the shower attachment instead of the bath tap was stiff, so I pushed it down and it got stuck. Oops. Her room was a bit too hot as well, but I'd just sprinted from the tube and I don't have to spend all day in my underwear. And I'm not from Thailand either. I guess I'd want the room to be hot as well.

The Lady:

Definitely the girl in the pictures. Shorter hair now, and she says she's put on weight, maybe a bit but not enough to make a difference - and the tattoo matches. Suki has a really lovely body. Pretty face, amazing full lips, gorgeous C-cups, a fine ass and a tidy, shaved pussy. Nicely turned out, and utterly charming.

The Story:

Terrific punt.

Bottle of water on arrival, quick shower (which didn't go too well - see above), then back in the room for some really good, full kissing and a brilliant blow job. The combination of those lips and her ability to DT my average length / girth was bloody marvellous. This went on for a while as I didn't really want her to stop - in the meantime I removed her top and played with her very wet pussy for a while. Lots of attention to her face, neck and tits got her even wetter and going down for DATY was a treat as a result. Plus a bit of rimming too, and fingers in both. Which she had the forebearance to pretend to like; something that always pleases me immensely. She really was wet though. Didn't come, but not through want of me trying.

More OWO, rubber on and then mish with her stockinged legs bent in half, shins on my chest - a bit of a favourite for me. I was keen to slow this down at this stage so we alternated between fucking and oral for a while, me eventually licking / fingering / rimming her in doggy. This led to anal - but by this stage I was so close to the edge I lasted about 30 seconds. Nice tight ass you see.

She cleaned me up, I gave her a really lame massage and we had a jolly nice chat about

nicknames. Lots of dogs called 'steamed egg' in Thailand apparently.

Like I said - a terrific punt.
