The Lady:

Ahh, you know I am a bit of a Meg fan, I have followed her (not in a stalking kind of way) since 2005. She is amazing looking, blonde, perfect enhanced breasts (small D or large C-take your pick), the left is more sensitive than the right! She hails from Poland and speaks perfect English, as befits someone who has lived here for nearly ten years. Is early thirties but passes for late twenties. It is totally apparent that she adores sex.

The Story:

When she worked for Max's Angels, Meg was famous for the vocal nature of her lovemaking and this has in no way diminished over the years. She is a true GFE with more than a slice of PSE, everything is covered except A, and I expect as she gets back into the swing of things that may come back onto the menu. Her OWO is amazing but nothing touches the connection you feel when you fuck her. Deep joy. All I can say, is I suggest you move quickly (as in other FRs) as she is not going to be here for long as she will retire and fade into retirement again. So book early fellas!
