The Premises:

Nicely decorated massage parlour on Shaftesbury avenue. Very clean as far as I could tell. Felt very safe.

The Lady:

Very attractive cute little ?chinese? girl. About 5'2 possibly. Very friendly and sort of bashful.

The Story:

I guessed from the website that this place may offer a little more than just a massage and I was right although initially it wasn't obvious or easy to initiate.

I arrived and was asked how long I wished to have a massage for, I opted for 40 mins. After this time was up I was asked if I'd like to extend to an hour. I said yes expecting that this may mean access to any extras on offer. I was wrong. I had an hour massage and that was it.

While I got dressed I decided to mention that a friend of mine recommended this place (this was a lie but thought it might suggest that I know what sort of things are on offer) and she told me if I want any other service I should ask when booking.

Annoyingly my time was up so I left, horny as hell after seeing such a hot girl.

Needless to say I rebooked for the day after and returned at around the same time. This time I was asked to strip naked before the massage began. The massage was basically the same apart from the last 10 mins. She asked me if I wanted anything extra and I asked what was on offer. The only thing on offer was a HJ. I said that would be fine (as by now I'd paid ?100 for 2 x 1 hour massages over 2 days and wanted to get something else) The oddest thing was the price, no real set fee, she just said how much was I willing to pay! Very odd and she fed me a line about the owner not knowing about the 'extras' on offer and that's why it's not included in the price. We agreed on another ?40!! for the HJ.

Well, although this was possibly the most expensive HJ I have ever paid for it DID NOT DISAPPOINT. This may have been down to the 2 day anticipation but let me tell you it was amazing!! She initially continued with massaging my legs etc and then slowly she graduated

towards my now rock solid cock. She oiled it up nicely and began by gently circling around my Japseye. This sent incredibly strong shockwaves through my entire body. She moved on to some slow thrusts and alternated between the japseye tickling and slow thrusts until I felt like I was literally going to explode. This feeling seemed to go on for about 3 mins until I blew my load everywhere. Felt like it was gonna hit the ceiling. She cleaned me up and I was on my way incredibly happy and relieved.

Would recommend her services to anyone as it's one amazing oily HJ but i've moved on to better things now and won't return.
